# WELCOME TO APPRENTICESHIP SUPPORT AUSTRALIA

Congratulations on your decision to become an apprentice or trainee! It's an exciting time to be joining the Vocational Education and Training (VET) Industry. By combining work and study you will quickly gain the skills and experience you need to build a successful career.

Did you know there are more than 500 occupations that offer apprenticeships and traineeships, ranging from Certificate II to Advanced Diploma levels? An apprenticeship or traineeship opens the doors to some amazing opportunities. With a nationally recognised qualification under your belt, this will make it much easier to travel and work in Australia.

## How will you benefit?

- ✓ Gain industry specific skills and valuable work experience
- ✓ Have better job prospects
- ✓ Opportunity to travel and work anywhere in Australia
- ✓ Allows you to earn while you learn

The team at Apprenticeship Support Australia (ASA) will provide you with ongoing support and advice throughout your apprenticeship or traineeship.

Welcome to the ASA Community. We are here to help you on your journey.

### Stay in touch

Your dedicated ASA Industry Training Consultant is your go-to expert in relation to your apprenticeship program.

YOU'RE ON TRACK  
TO A NATIONALLY  
RECOGNISED  
QUALIFICATION!

# WHO'S INVOLVED?

## Who signs you up?

### Apprenticeship Support Australia (ASA)

ASA is your Apprenticeship Network Provider contracted by the Australian Government. We conduct the training contract sign up, administer standard incentives program, offer support services, and have regular contact with the apprentice/trainee and employer as nominated.

### Apprenticeship Data Management System (ADMS)

ADMS is a modern and secure platform supporting the delivery of Australian Apprenticeship programs. The ADMS system is used by the Australian Apprentice or Trainee to review and submit claim applications. If eligible to claim, the Australian Apprentice or Trainee will receive an email notification to advise their application is ready to progress from ADMS.

### State Training Authority (STA)

Department of Trade, Employment and Training is the regulator of apprenticeships and traineeships in Queensland. They provide the final step and approve your training arrangement. They make things official!

## Who employs you?

### Employer

The employer hires apprentices/trainees and provides appropriate support, training and supervision on the job for you to gain the skills and knowledge to complete your apprenticeship or traineeship.

### Group Training Organisation (GTO)

In some instances the apprentice/trainee is not employed directly by an employer, but through a GTO. The GTO employs you and places you with a host employer.

## The Australian Apprentice/Trainee

That's you!

## Who trains you?

### Your employer – on-the-job training

Gaining hands-on experience is important. Your employer provides appropriate support, training and supervision on the job so that you can gain the skills and knowledge to complete the requirements of your apprenticeship or traineeship.

### Registered Training Organisation (SRTO) – off-site training

The SRTO works with you and your employer to deliver a training plan, deliver training, assess achievement of skills and issue the qualification on successful completion. TAFE is an example of an SRTO. An Employer must release the Australian Apprentice for formal training and pay the appropriate wages to attend any training and assessment set out in the training plan. Release time to complete formal training is also stipulated in the full training plan.

Remember, you need to be signed up with ASA before enrolling with a SRTO.

# APPRENTICESHIP SUPPORT AUSTRALIA IS WITH YOU ALL THE WAY

## Connecting you with your employer

Employers are the foundation of every registered apprenticeship program. Your employer will work with the Group Training Organisation (GTO) (where applicable), your dedicated ASA Industry Training Consultant and the Supervising Registered Training Organisation (SRTO) to ensure you are on track to complete your national qualification.

## How it all comes together

## National qualifications

Once you've completed your apprenticeship or training, you will be the proud owner of a national qualification. This is your guarantee that you are fully qualified, and on track to excelling in your chosen career!

## Related study requirements

Combine on-the-job learning with further education and study with an SRTO, such as TAFE. Your employer and your ASA Industry Training Consultant will organise this for you.

The payment of your training fees depends on the Industrial Award under which you are paid. Speak to both your employer and ASA representative to find out how.

## Integrated on-the-job training

Together, your SRTO and employer will organise:

- What you will be trained in
- Who you will be training with
- How the training will be done
- Where the training will take place
- And arrange for you to attend any off-the-job training.

## VET is for earning

Your employer will pay your wages and superannuation according to the agreement/award under which you are employed. Refer to [fairwork.gov.au](http://fairwork.gov.au). Check out a snapshot of industry pay scales here: [apprenticeshipsupport.com.au/Apprentices/How-Much-Will-I-Get-Paid](http://apprenticeshipsupport.com.au/Apprentices/How-Much-Will-I-Get-Paid)

# WHAT TO EXPECT AT SIGN-UP

## Just for you!

### First day at work checklist

Everything you need to know to make Day 1 a success.

### Managing stress

We all feel overwhelmed sometimes; here's how to deal.

### Dos and don'ts

What you need to know to make the best of your apprenticeship/traineeship.

### Setting goals

Got goals? Make sure you reach them with these practical tips.

## Finding your balance

It's possible to work, live and have fun. Here's how:

**FIND YOUR BALANCE**

Manage a healthy work-life balance with these tips.

- 1 Prioritise your tasks**  
If you're not sure what to focus on first for your apprenticeship, prioritise! It's important to set aside time for your apprenticeship, but it's also important to make time for your personal life, which means making some tough decisions and sacrifices.
- 2 Learn to say "no"**  
If you can't go to the night before a big job, just say no. Be polite but firm, make it clear what your priorities are.
- 3 Make time for exercise**  
Exercise boosts energy and concentration, and keeps your body healthy. Make time for it every day.
- 4 Have a break**  
You still have a life! Make time for fun, hobbies, and relaxation.
- 5 Manage your time**  
Sweep junk mail for a second time. Your house will thank you.
- 6 Don't go alone**  
Find a friend to go to the pub with or to deal with your workload together. If you don't go to a dance, get someone else to go. If you're experiencing stress, your parents or carers are there to offer advice. Remember: it's OK to say "no" to this too, and they really will appreciate it.
- 7 Be realistic**  
You can't do it all - it's okay to not have it all. Set realistic goals and tasks and prioritise what's most important to you.
- 8 Get in touch**  
If you're ever unsure or want to chat to someone, call one of our mentors on 043989706 or email [hello@apprenticeshipsupport.com.au](mailto:hello@apprenticeshipsupport.com.au)

## Banking basics

Is your bank account working for you? Find out!

**BANKING BASICS**

Got money?

It's time to open a bank account! Many young kids learn about banking by using the "I have, I've had" strategy of saving, spending and giving. It's a good idea to open a bank account if you're ready to level up from Jam Jar to a bank account. Bank accounts are practical and safe ways of keeping your money in one place, from where you spend, save or give it. Why not open an account right now if it's been on your agenda for a while?

What bank account should I choose?

Want to access your money to spend or pay bills? You need a transaction / deposit account. Your money needs to be available to you when you need it, whether it's for groceries, clothing, food... or just paid out to you. Want to save? You need a savings account. Usually a savings account is linked to your transaction account. It's a good idea to have a savings account to help you save for the future, like buying a car or a house. For example, if you have \$1000 in your savings account, you'll earn \$15 interest in a year.

When choosing, check for:

- ✓ Low or no bank fees (including ATM fees, international transaction fees or fees on purchases)
- ✓ Banks fees are not too much, but that's \$40 user to review account fees (you can't withdraw cash from ATM's for 5 years or a week's worth...). You get the picture. ATM fees are a pain in the neck.
- ✓ Good interest rates on savings. Take care that the interest rate is not just for the first few months of the account and then drops.
- ✓ Good rates on loans. Check the interest rate and the amount of transactions in a month, minimum deposit amount to ensure the good interest rate, and how easily it can be transferred.
- ✓ Good rates on fees to activate account or apply for a loan.
- ✓ Good banking services are a must!
- ✓ Mobile banking app is non-negotiable!
- ✓ It's close to you, or easy to find.
- ✓ Good customer service and support.
- ✓ Banks that allow online shopping.
- ✓ Account personalisation options to set savings goals.

## Spending your money right

How to set yourself up for future riches.

**HOW TO BE A SAVVY SPENDER**

Buying things can be loads of fun, right?

There's a reason to that: research has found that buying something new and exciting can release feel-good hormones such as endorphins, dopamine and serotonin in our bodies. This makes us want to buy more to keep feeling good. But that's not always the best thing to do. So here's some tips to help you go "Savvy spender". So before you go... Shut up and take my money! And here's some questions...

- 1 Do I NEED it, or just WANT it?**  
If you're not sure if you need it to survive and stay warm, you NEED new shoes if your old ones have holes in them. You might need a new jacket if you're working outside in the cold, or your old phone, or a new... *Now!*
- 2 I have now, can I afford something nicer later?**  
Like H&M clothes or Adidas sneakers from Input. Or a Surfers Paradise weekend in a hotel... *Later!*
- 3 Is this the best place?**  
Shop around on different websites or in different stores - you might find a better deal or even decide that you don't really need to buy the thing after all.
- 4 Cheap buy or investment buy?**  
Investing your money in things that will increase in value over time, and will be used regularly (like a car or a house) is a good way to build wealth that will last for many years!
- 5 REMEMBERS:**
  - DON'T buy on credit, or use a credit card only buy something if you have the cash to pay it off immediately.
  - DON'T buy things you don't need, or buy things you can't afford to pay for.
- 6 Get in touch**  
If you're ever unsure or want to chat to someone, call one of our mentors on 043989706 or email [hello@apprenticeshipsupport.com.au](mailto:hello@apprenticeshipsupport.com.au)

# FREQUENTLY ASKED QUESTIONS

There are many unanswered questions surrounding working and studying as an apprentice or trainee. Here's what you need to know.

## 01. What is the difference between an apprenticeship and a traineeship?

- A traineeship is generally in a non-trade area and the training term is typically 1 to 2 years full time and an apprenticeship is for trade areas with a term of up to 3 or 4 years full time.
- Part-time training arrangements for traineeships and apprenticeships may be approved where a part-time employee is supported by an appropriate industrial award or agreement and the minimum part-time hours of work are met. The training term for a part-time training arrangement is longer.

## 02. What are my study commitments?

Your Supervising Registered Training Organisation (SRTO) develops a training plan with you and your employer. TAFE is also an SRTO. The training plan outlines the number of units of competency required to complete your apprenticeship or traineeship; how, when and where the training will be done; and how assessment of competencies is to occur.

## 03. How long will it take me to complete an apprenticeship or traineeship?

Apprenticeships and traineeships are approved for a nominal term based on advice by industry about how long it may take the apprentice or trainee to gain the required level of skills through completing the work-based and formal SRTO training. Early completion, known as Competency Based Completion (CBC) may happen if the apprentice or trainee has been assessed as competent and issued with a qualification by their SRTO. The application for CBC must be supported by both the employer and apprentice/trainee.

## 04. How much will I earn as an apprentice?

Your wage will be dependent on several factors including what industrial award or agreement you are paid under. The Australian Fairwork Ombudsman has created a pay calculator.

Visit: [calculate.fairwork.gov.au/FindYourAward](http://calculate.fairwork.gov.au/FindYourAward)

## 05. How much are my apprenticeship or traineeship fees?

Your SRTO will advise if there are additional costs associated with your nominated course. Payment is dependent on the current relevant State Government policy, also the industrial award or agreement you are paid under.

## 06. What should I do if I experience a workplace issue?

Your employer has the legal responsibility and obligation to ensure your health and safety is a priority whilst working and training during your confirmed hours of work. They are also responsible for ensuring that the principles of equal opportunity and workplace harassment are communicated and practiced.

### Just a reminder

You have a responsibility for your own behaviour and to obey your employer's instructions, ensuring your own safety and that of your colleagues. Being self-aware is incredibly valuable in the workplace.

To have a clear understanding of each other's obligations and expectations throughout your apprenticeship or traineeship you and your employer should read the "National Code of Good Practice for Australian Apprenticeships", provided separately.

## 07. What are my responsibilities?

As an apprentice or trainee you can expect a high level of service with the availability of three key documents **National Code of Good Practice, Provider – Code of Conduct and the Introduction to the National Employment Standards Document**. These documents are available at [australianapprenticeships.gov.au](http://australianapprenticeships.gov.au)

 **TOP TIP** – Your Industry Training Consultant and the ASA Contact Hub are your main points of contact to guide you and support you on the journey.
