Stay in touch

Need support? Call us on **1300 363 831** or email us at apprenticeshipsupport@ccawa.com

Your dedicated ASA Industry Training Consultant is your go-to expert in relation to your apprenticeship program.

YOU'RE ON TRACK
TO A NATIONALLY
RECOGNISED
QUALIFICATION!

WHO'S INVOLVED?

Who signs you up?

Apprenticeship Support Australia (ASA)

ASA is your Apprenticeship Network Provider contracted by the Australian Government. We conduct the training contract sign up, administer standard incentives program, offer support services, and have regular contact with the apprentice/trainee and employer as nominated.

Apprenticeship Data Management System (ADMS)

ADMS is a modern and secure platform supporting the delivery of Australian Apprenticeship programs. The ADMS system is used by the Australian Apprentice or Trainee to review and submit claim applications. If eligible to claim, the Australian Apprentice or Trainee will receive an email notification to advise their application is ready to progress from ADMS.

State Training Authority (STA)

The DTWD Apprenticeship Office is the regulator of apprenticeships and traineeships in Western Australia. They provide the final step and approve your training arrangement. They make things official!

Who employs you?

Employer

The employer hires apprentices/trainees and provides appropriate support, training and supervision on the job for you to gain the skills and knowledge to complete your apprenticeship or traineeship.

Group Training Organisation (GTO)

In some instances the apprentice/trainee is not employed directly by an employer, but through a GTO. The GTO employs you and places you with a host employer.

The Australian Apprentice/Trainee

That's you!

Who trains you?

Your employer – on-the-job training

Gaining hands-on experience is important. Your employer provides appropriate support, training and supervision on the job so that you can gain the skills and knowledge to complete the requirements of your apprenticeship or traineeship.

Registered Training Organisation (RTO) – off-site training

The RTO works with you and your employer to deliver a training plan, deliver training, assess achievement of skills and issue the qualification on successful completion. TAFE is an example of an RTO. An Employer must release the Australian Apprentice for formal training and pay the appropriate wages to attend any training and assessment set out in the training plan. Release time to complete formal training is also stipulated in the full training plan.

Remember, you need to be signed up with ASA before enrolling with a RTO.

APPRENTICESHIP SUPPORT AUSTRALIA IS WITH YOU ALL THE WAY

Connecting you with your employer

Employers are the foundation of every registered apprenticeship program. Your employer will work with your dedicated ASA Industry Training Consultant and the Registered Training Organisation (RTO) to ensure you are on track to complete your national qualification.

How it all comes together

Related study requirements

Combine on-the-job learning with further education and study with an RTO, such as TAFE. Your employer and your ASA Industry Training Consultant will organise this for you.

The payment of your training fees depends on the Industrial Award under which you are paid.

Integrated on-the-job training

Together, your RTO and employer will organise:

- What you will be trained in
- Who you will be training with
- How the training will be done
- Where the training will take place
- And arrange for you to attend any off-the-job training.

National qualifications

Once you've completed your apprenticeship or training, you will be the proud owner of a national qualification. This is your guarantee that you are fully qualified, and on track to excelling in your chosen career!

VET is for earning

Your employer will pay your wages and superannuation. You will receive the same entitlements as all other employees (such as annual leave, sick leave and public holidays) according to the agreement/award under which you are employed. Check out a snapshot of industry pay scales here: apprenticeshipsupport.com.au/Apprentices/How-Much-Will-I-Get-Paid

Everything you need to know to make Day 1 a success.

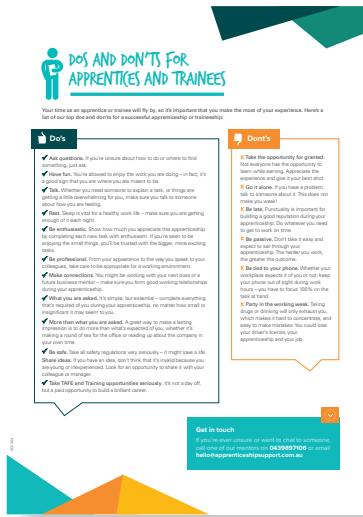

Managing stress

There is a lot of support to help you manage your stress. Here are some practical tips and ideas when you are feeling overwhelmed.

Dos and don'ts

What you need to know to make the best of your apprenticeship/traineeship.

Setting goals

Got goals? Make sure you reach them with these practical tips.

Finding your balance

It's possible to work, live and have fun. Here's how:

FIND YOUR BALANCE

Manage a healthy work-life balance with these tips.

1 Prioritise your tasks

Remember what you focus on. For your opportunity to happen, you need to prioritise what you do for a successful career and a life – whether you call the shots. It's up to you to make the most of it – whether managing, growing, though education and innovation.

2 Manage your time

Create a work-life plan. Identify and set the top of priorities for your work and life. Make sure your employer can help you too.

3 Learn to say 'no'

If you can't say no the night before a big job, then say no. Be polite but firm. You may need to leave work a little earlier than planned, but it's better than not having time to do what you planned to.

4 Organise important

- ✓ Important and not urgent
- ✓ Urgent but not important
- ✗ Neither urgent nor important

5 Make time for exercise

Exercise releases energy and concentration. Fight stress and depression by making time for it every day.

6 Have some fun

You still have a life!

7 Sleep

Try for eight hours a night.

8 What's what you eat

What you eat will affect your energy levels and your mood. Try to eat well, especially if you're feeling stressed or fatigued. Give your body a break.

9 Get in touch

Banking basics

Is your bank account working for you? Find out!

BANKING BASICS

Got money?

It's time to open a bank account!

Many young adults learn about money by using the "Three Jam Jar" strategy of saving, rewarding and giving. It's a good way to start, but it's not the only way to manage your money. There are many different types of bank accounts are practical and safe ways of keeping your money in one place, from where you can spend, save or grow it. While your employer might encourage you to piggy bank, a bank account is a better way to go.

What bank account should I choose?

Want to access your money as needed or pay bills? You have a **transaction** account. Your income (wages, pocket money, freelance work...) is given paid into, and any expenses (bills, rent, mobile data, movie tickets) are paid out.

Want to save? You need a **savings account**. Usually, a savings account is linked to your transaction account. A savings account will earn interest (1% per year is a good average) over time (a year). For example, if you have a \$5000 in your savings account, you can \$5 interest or **yield** per year.

When choosing, check for:

- ✓ **Low or no fees** (including ATM fees, overdraft fees, and account fees).
- ✓ **Good interest rates** (the higher the better).
- ✓ **Bank fees are created** & **small** for account fees (annual fees, ATM fees, overdraft fees, and account fees).
- ✓ **Interest rates are high** (e.g. 1.5% per year).
- ✓ **Good customer service**. Take care of the good interest rate is a ringing feature of the account, and the bank's customer service is also important.
- ✓ **Check the catch**. Does the account have conditions? Is the amount of transactions a month, minimum?

Deposit amount is to estimate the good-interest rates, and can you easily access them.

- ✓ **Low minimum deposit** needed to activate account or open account.
- ✓ **One online banking services** are a must!
- ✓ **Utility mobile banking apps** are non-negotiable!
- ✓ **Ability to withdraw cash** at ATMs.
- ✓ **Ability to make international transfers**.
- ✓ **Debit card** can allows online shopping.
- ✓ **Good personalisation options** to set savings goals.

Spending your money right

How to set yourself up for future riches.

How To Be A Savvy Spender

Buying things can be hard if you, right?

There are lots of ways to save when buying something new and exciting can release feel-good endorphins, dopamine and serotonin in our bodies. This makes us want to buy more to keep feeling good. But there's a right way to. Smiley homeowners! So before you go, "What up and take my money," ask yourself these six questions:

- Do I NEED it, or just WANT it?**
You NEED this book to help you save and stay healthy. You WANT to go to the beach this weekend. You might WANT that new iPhone... but there's nothing wrong with just relaxing at home.
- Is there a new, easier something else here?**
Like IKEA certains or Airbnb creatures from Hone. Or a Surfers Paradise weekend vs a week in Bali.
- Is this the best deal?**
Shop around on different websites or in different stores... but don't be afraid to pay full price if you don't really need to buy the thing after.
- Is there a better way to pay?**
Switch to cash or use a debit card - only buy something you can afford to pay off right away. Be careful with AfterPay! It's easy to get carried away and buy more things than you can afford to pay off.
- Is there a better way to save?**
Savvy savers like saving cash and spending more money on something you can't afford. It's not a bad idea, and we can be regular savers. But we can also be smart savers. Like saving in a high-yield bank account that can last for many years!
- Is there a better way to invest?**
Savvy investors like saving cash and spending more money on something you can't afford. It's not a bad idea, and we can be regular investors. But we can also be smart investors. Like saving in a high-yield bank account that can last for many years!

REMEMBER:

- DON'T buy on credit, or use a credit card - only buy something you can afford to pay off right away.
- Be careful with AfterPay! It's easy to get carried away and buy more things than you can afford to pay off.

FREQUENTLY ASKED QUESTIONS

There are many unanswered questions surrounding working and studying as an apprentice or trainee. Here's what you need to know.

01. What is the difference between an apprenticeship and a traineeship?

- A traineeship is generally in a non-trade area and the training term is typically 1 to 2 years full time and an apprenticeship is for trade areas with a term of up to 3 or 4 years full time.
- Part-time training arrangements for traineeships and apprenticeships may be approved where a part-time employee is supported by an appropriate industrial award or agreement and the minimum part-time hours of work are met. The training term for a part-time training arrangement is longer.

02. What are my study commitments?

Your Registered Training Organisation (RTO) develops a training plan with you and your employer. TAFE is also an RTO. The training plan outlines the number of units of competency required to complete your apprenticeship or traineeship; how, when and where the training will be done; and how assessment of competencies is to occur.

03. How long will it take me to complete an apprenticeship or traineeship?

Apprenticeships and traineeships are approved for a nominal term based on advice by industry about how long it may take the apprentice or trainee to gain the required level of skills through work-based training and formal RTO training.

Early completion may occur if the apprentice or trainee has been assessed as competent and issued with a qualification by their RTO. The application for early completion must be supported by both the employer and apprentice/trainee.

04. How much will I earn as an apprentice?

The Australian Fairwork Ombudsman has created a pay calculator. Visit: calculate.fairwork.gov.au/FindYourAward or if you're employed under a state award visit commerce.wa.gov.au/labour-relations/wa-pay-rates [au/FindYourAward](http://FindYourAward)

05. How much are my apprenticeship or traineeship fees?

Your RTO will advise if there are additional costs associated with your nominated course. Payment is dependent on the current relevant State Government policy, and the industrial award or agreement you are employed under.

06. What should I do if I experience a workplace issue?

Your employer has the legal responsibility and obligation to ensure your health and safety is a priority whilst working and training during your confirmed hours of work. They are also responsible for ensuring that the principles of equal opportunity and workplace harassment are communicated and practiced.

Just a reminder

You have a responsibility for your own behaviour and to obey your employer's instructions, ensuring your own safety and that of your colleagues. Being self-aware is incredibly valuable in the workplace.

To have a clear understanding of each other's obligations and expectations throughout your apprenticeship or traineeship you and your employer should read the "National Code of Good Practice for Australian Apprenticeships", provided separately.

07. What are my responsibilities?

As an apprentice or trainee you can expect a high level of service with the availability of three key documents **National Code of Good Practice, Provider – Code of Conduct and the Introduction to the National Employment Standards Document**. These documents are available at australianapprenticeships.gov.au

 **TOP TIP** – Your Industry Training Consultant and the ASA Contact Hub are your main points of contact to guide you and support you on the journey.
